

# COVID-19 CRISIS ON ARUBA WE NEED YOU!

Red Cross Aruba has been helping the Aruban community for more than 65 years. The main goal of the Red Cross is to provide humanitarian assistance where needed. The prime motivation of the Red Cross response to disaster is to alleviate human suffering among the most vulnerable. Aid is given regardless of race, creed, nationality, religion or political belief of the recipients and without adverse distinction of any kind. As a non-profit organization, it consists of about 150 volunteers and a paid operation office of 6 persons . Red Cross Aruba does not receive any funding from the Aruban government.

During the Covid-19 Crisis on the island, our organization has already started helping; we are providing meals to the homeless and are on standby to help the most vulnerable. We have trained our crisis team in the past three weeks on the proper use of PPE (Personal Protective Equipment) and PSP (Psychosocial Support) to be able to assist where we are needed.

**We have to be financially prepared to help the most vulnerable during months to come. This is why we reach out to you, to help us provide meals, hygiene products and support to them.**

We hope we can count on your support. These vulnerable groups need our support and we need you on board. We hope to hear from you soon.

Thank you and Stay Safe!
